FALSE ASSERTIONS.

IN REGARD TO MR. TEAGUE'S RELATIONS TO THE PALMER AND BUCKNER CLUB—HE VOTED FOR BRYAN AND SEWALL.

The Times-Union correspondent, in yesterday's issue of that paper, in his comments of the county commissioner question, said: "Mr. Teague, it will be remembered, was the president of the Palmer and Buckner club of this city during the recent campaign and the executive committee, being all supporters of W. J. Bryan, did not think it proper to recommend one so diametrically opposed to their political views."

It is a well known fact that Judge McConathy was president of said club. Mr. Teague, when interviewed by a Star representative this morning, branded the statement in the Times-Union as a lie out of the whole cloth. "Says he, 'I never so much as attended a Palmer and Buckner meeting except on one occasion, when the county commissioners were meeting in the court house at the same time, and when our meeting was over they called me in for a few minutes. I was there not over fifteen minutes and this was the first and only meeting I ever attended of the club. I make no apology for being a gold standard democrat, but I want it also understood that I voted for W. J. Bryan and the straight democratic ticket and will vote for him again if he is nominated on the regular democratic ticket. My fidelity to the democratic party needs no apology and this stuff that is being published about my opposition is not worthy of consideration.'"

This then is a sample of the "barrels" of news that is being published in the Times-Union from Ocala. Probably the correspondent can throw some light on the question by giving the source of his information. At all events he has the floor. Will he have the manliness to correct the mistake in his paper in justice to Mr. Teague.

Carter's scenic production, "The Fast Mail," which appears at opera house next Saturday evening.

Next Monday.

Enthusiasm over the approaching entertainment by Edouard Remenyi and his company is not confined to the musically educated public, but is shared by many who are seldom interested in musical affairs, yet know that for all, musicians and "unmusical," a delicious treat is forthcoming. Only deaf men can sit in front of Remenyi and not be moved by his marvelous talent.

Mr. James Jones, of the drug firm of Jones & son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into a hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and half dozen dollar bottles cured her sound and well.
